

<p>November 10, 2022 PRE-CONGRESS of XIV International KARM Congress «Modern Approaches to the Treatment of Infertility. ART: Present and Future»</p>	
<p>Venue: Windham Garden Astana</p>	
<p>Workshop of «Farmaktiv» LLP «SAGE vitrification media» Moderator: Nigmatova N.P. Speaker: Dimitri Dogan, Embryologist, Except CooperSurgical, Turkey</p>	
10:00-11:00	Registration
11:00-11:15	<p>Opening and Welcome: Lokshin Vyacheslav Notanovich – MD, Professor, Academician of the National Academy of Science of the Republic of Kazakhstan, Chief Freelance Reproductologist of the Ministry of Health of the Republic of Kazakhstan, President of KARM, General Director of ICC «PERSONA», Kazakhstan</p>
11:15-11:30	Vitrification theory.
11:30-12:00	Demonstration.
12:00-12:45	Workshop: «Training session on vitrification»
12:45-13:00	Discussion of issues.
13:00-14:00	Lunch.
<p>Workshop of «VizaMed Plus» LLP «Innovative technologies in ART laboratory» Moderator: Lokshin V. N.</p>	
14:00-14:05	<p>Opening and Welcome Lokshin Vyacheslav Notanovich – MD, Professor, Academician of the National Academy of Science of the Republic of Kazakhstan, Chief Freelance Reproductologist of the Ministry of Health of the Republic of Kazakhstan, President of KARM, General Director of ICC «PERSONA», Kazakhstan Serbinovskaya Lyubov Vladimirovna, Director of «VizaMed Plus» LLP, Kazakhstan.</p>
14:05-14:30	<p>Transfer medium (ET), calcium ionophore and vitrification of oocytes using Cryo plate – protocols and proper use. Maki Ogawa, International Sales, Kitazato Corporation, Shizuoka, Japan.</p>
14:30-14:35	Q&A, discussion.
14:35-15:20	<p>Sampling of spermatozoa under the high magnification – theory and practice. Dr. Nino Guy Cassuto, Manager of Drouot Laboratory, France.</p>
15:20-15:25	Q&A, discussion.
15:25-15:55	<p>Role of the spermatozoa function pretest in ART. Dr. Pramodkumar Rambilas Bajaj, MBBS, MD, Research Director, India.</p>
15:55-16:00	Q&A, discussion

XIV INTERNATIONAL CONGRESS OF THE KARM

«A MODERN APPROACH IN FERTILITY TREATMENT. ASSISTED REPRODUCTIVE TECHNIQUES:

PRESENT AND FUTURE»

ENG

16:00-16:30	Coffee break.
16:30-17:00	Methods of the embryo cultivation using MIRI incubator - the experience of Drouot clinic. Dr. Nino Guy Cassuto, Head of Drouot Laboratory, France.
17:00-17:05	Q&A, discussion.
17:05-17:30	Use of time-lapse (TL) and artificial intelligence (AI) technologies in the advanced IVF laboratory. Dr. Sanjay Bhojwani, PhD, Embryologist, Esco Medical, Germany Dr. Irene Cuevas-Sáiz, PhD, Senior clinical embryologist, Director of the Embryological Laboratory of University General Hospital of Valencia, Spain.
17:30-17:50	Q&A, discussion.
17:50-18:00	Closing of the workshop, presentation of certificates.

November 10, 2022

PRE-CONGRESS

of XIV International KARM Congress «Modern Approaches to the Treatment of Infertility.
ART: Present and Future»

Venue: Medical Centre Hospital of President's Affairs Administration of the Republic of
Kazakhstan

«Actual aspects of the surgical treatment of endometriosis»

Moderators: Lokshin V.N., Popov A.A., Kudaibergenov T.K.

09:00-09:30	Opening and Welcome Albayev Rustam Kuanyshbekovich , Director of RSE «Medical Centre Hospital of President's Affairs Administration of the Republic of Kazakhstan», Kazakhstan Lokshin Vyacheslav Notanovich , MD, Professor, Academician of the National Academy of Science of the Republic of Kazakhstan, Chief Freelance Reproductologist of the Ministry of Health of the Republic of Kazakhstan, President of KARM, General Director of ICC «PERSONA», Kazakhstan Popov Alexander Anatolyevich , MD, Professor, Head of the Department of Endoscopic Surgery of Moscow Regional Research Institute of Obstetrics and Gynecology, Russia.
09:30-10:00	Surgery stream: Laparoscopy for ovarian endometriosis – Surgeon Dzhakupov D.V.
10:00-10:15	Presentation: Laparoscopy in the diagnostics and treatment of superficial endometriosis and endometrioma. Dzhakupov Daniyar Valikhanov, Candidate of Sci. (Medicine), First category operating gynecologist, Chief Physician of IRM, Kazakhstan.

XIV INTERNATIONAL CONGRESS OF THE KARM

«A MODERN APPROACH IN FERTILITY TREATMENT. ASSISTED REPRODUCTIVE TECHNIQUES:

PRESENT AND FUTURE»

ENG

10:15-11:15	Surgery stream: Laparoscopy for deep infiltrative endometriosis – Surgeon Bezhenar V.F.
11:15-11:30	Presentation: Nerve-sparing technologies in the surgical treatment of deep infiltrative endometriosis. Bezhenar Vitaliy Fedorovich, Professor, Head of the Department of Obstetrics, Gynecology and Neonatology and the Department of Obstetrics, Gynecology and Reproductology, Head of the Clinic of Obstetrics and Gynecology of the First St. Petersburg State Medical University named after Academician Pavlov I.P., Russia.
11:30-13:00	Surgery stream: Laparoscopy for colorectal endometriosis – Surgeon Popov A.A.
13:00-13:30	Break.
13:30-14:30	Surgery stream: Myomectomy with the temporary occlusion of uterine arteries – Surgeon Todua I.
14:30-14:45	Presentation: Colorectal endometriosis: diagnosis, surgical treatment, long-term results. Popov Alexander Anatolyevich, MD, Professor, Head of the Department of Operative Gynecology with Oncology of the Regional Research Institute of Obstetrics and Gynecology, Russia.
14:45-15:45	Surgery stream: Vaginal hysterectomy for adenomyosis – Surgeon Plekhanov A.N.
15:45-16:00	Presentation: Myomectomy with the temporary occlusion of uterine arteries. Todua Irakli, Oncosurgeon, Head of the Department of Operative Gynecology of Innova Medical Center, Georgia.
16:00-16:15	Presentation: Vaginal and laparoscopic surgery methods for adenomyosis. Plekhanov Andrey Nikolaevich, MD, Professor, Leading gynecologist of the St. Petersburg Clinical Hospital of the Russian Academy of Sciences, Russia.
16:15-16:30	Closing. Presentation of certificates.

November 11, 2022

Astana Hall

Plenary session 1

Chairmen: Lokshin V.N., Giniyat A., Korsak V.S. , Eitan David Lunenfeld

09:00-09:40	<p>Opening of XIV KARM Congress 2022</p> <p>Lokshin Vyacheslav Notanovich – MD, Professor, Academician of the National Academy of Science of the Republic of Kazakhstan, Chief Freelance Reproductologist of the Ministry of Health of the Republic of Kazakhstan, President of KARM, General Director of ICC «PERSONA», Kazakhstan Giniyat Azhar Giniyatovna – Minister of Health of the Republic of Kazakhstan; Nurmanbetova Jamilya Nusupzhanovna - Chairman of the Committee for Social and Cultural Development of Majilis of the Parliament of the Republic of Kazakhstan; Nadyrov Kamalzhan Talgatovich - Rector of Astana Medical University, Kazakhstan; Carlos Calhaz-Jorge – President of ESHRE, Director of Department of Obstetrics, Gynaecology and Reproductive Medicine, CHLN - Hospital de Santa Maria, Portugal; Dov Feldber – Professor, Senior physician at Helen Schneider Women’s Hospital, Rabin Medical Center, Israel.</p>
09:40-10:00	<p>ART in Kazakhstan: Today and Tomorrow. Lokshin Vyacheslav Notanovich – MD, Professor, Academician of the National Academy of Science of the Republic of Kazakhstan, Chief Freelance Reproductologist of the Ministry of Health of the Republic of Kazakhstan, President of KARM, General Director of ICC «PERSONA», Kazakhstan</p>
10:00-10:20	<p>Malformations, Genetics, Psychological Health and Cancer risk in children born after IVF/ICSI. Prof. Adrian Ellenbogen, Professor, Director of IVF Department of Hillel Yaffe Medical Center, Israel.</p>
10:20-10:40	<p>Infertility: difficulties of diagnosis. Prof. Korsak Vladislav Stanislavovich, MD, Professor, President of Russian Association of Human Reproduction, Russia.</p>
10:40-11:00	<p>Personalized approach to the fertility preservation in cancer patients of reproductive age. Kiseleva Marina Viktorovna, MD, Head of the Department of new medical technologies with the mastopathy treatment group of Medical Research Radiological Centre named after Tsyba A.F. - a branch of the Federal state budgetary institution «National Medical Research Radiological Centre», Russia.</p>
11:00-11:20	<p>Hidden face of spermatozoid. A dialogue between the artificial intelligence and its epigenetic profile. Prof. Nino Guy Cassuto, Head of Drouot Laboratory, France.</p>
11:20-11:40	<p>Q&A Session.</p>
11:40-12:00	<p>Coffee break.</p>

Astana Hall Plenary session 2 Moderators: Dzhusubalieva T.M., Kalinina E.A., Ellenbogen A.	
12:00-12:20	Modern principles of the superovulation stimulation in IVF program Papaleo Enrico, Head of the Department of Reproductive Medicine, Reproductive Medicine Hospital, Consulting physician of the Department of Gynecology and Obstetrics, Ospedale San Raffaele Hospital, Italy.
12:20-12:40	Clinical aspects of the cervical cancer prevention. Kaydarova Dilyara Radikovna, MD, Academician of the National Academy of Science of the Republic of Kazakhstan, Chairman of the Board of «Kazakh Institute of Oncology and Radiology» JSC, Kazakhstan.
12:40-12:55	Legal regulation of the use of donor gametes and embryos in Kazakhstan. Dzhusubaliyeva Tamara Muftakhovna, Candidate of Sci. (Medicine), General Director of IRM clinics, Kazakhstan.
12:55-13:15	Poor prognosis patients: management and options for Poseidon groups 3 and 4. Robert Fischer (Member of the EXCEMED Scientific Committee) is the founder and Medical Director of the IVF unit at the Hamburg Fertility Center, Germany
13:15-13:30	Critical look at the current problems of IVF. Baykoshkarova Saltanat Berdenovna, Professor, DSc (Biology), Scientific Director of the network of human reproduction clinics «ECOMED», honorary member of the National Academy of Science of the Republic of Kazakhstan.
13:30-13:50	Selection of the luteal phase support in ART as the key to success. Georg Griesinger, Professor at Luebeck University, Head of the Department of Gynecological Endocrinology and Reproductive Medicine at the University Hospital of Schleswig-Holstein, Germany.
13:50-14:00	Q&A Session
14:00-14:45	Lunch
Astana Hall Plenary session 3 Moderators: Baykoshkarova S.B., Kiseleva M.V., Akhmetova A.A.	
14:45-15:05	IVF Lite: a simple approach for easy patients. Dr. Luca Gianaroli, FRCOG, Scientific Director - S.I.S.Me.R. Reproductive Medicine Unit - Bologna, Italy
15:05-15:25	The importance of environmental conditions for human embryos: «Please do not disturb.» Dr. Irene Cuevas-Sáiz, PhD, Senior clinical embryologist, Director of the Embryological Laboratory of University General Hospital of Valencia, Spain.
15:25-15:45	Our experience in managing patients with implantation problems. Kalinina Yelena Andreevna, MD, Obstetrician-gynecologist, reproductologist, Director of the reproductive health clinic «ART-IVF», Russia.

XIV INTERNATIONAL CONGRESS OF THE KARM

«A MODERN APPROACH IN FERTILITY TREATMENT. ASSISTED REPRODUCTIVE TECHNIQUES:

PRESENT AND FUTURE»

ENG

15:45-16:05	GLOBAL CHANGES-2022 in endometriosis management. Orazov Mekan Rakhimberdyevich, MD, Professor of the Department of Obstetrics and Gynecology with Perinatology course of the Medical Institute of RUDN University, Russia
16:05-16:25	Personalization of controlled ovarian stimulation: what to consider? Prof. Antonio La Marca, MD, Ph.D., professor of Obstetrics, Gynecology, and Reproductive Medicine, Editor-in-Chief of Minerva Obstetrics and Gynecology University of Modena and Reggio Emilia, Policlinico di Modena, Italy.
16:25-16:45	Optimizing IVF outcomes: which gonadotropins to choose? Sesh Sunkara, Specialist in Reproductive Medicine, Queen's Hospital, Barking, Havering and Redbridge University Hospitals, UK.
Astana Hall Plenary session 4 Moderators: Polumiskov V.Ye., Kamilova D.P., Karibayeva Sh.K.	
16:45-17:05	The role of anticoagulants in recurrent pregnancy loss. Howard Carp, Professor of Obstetrics and Gynecology at Tel Aviv University, Honorary Clinical Professor at the University of Nicosia in Cyprus, Israel.
17:05-17:25	Extracorporeal fertilization and risk of breast and gynecological cancer. Prof. Lunenfeld Eitan David, Head of the School of Medicine and Chairman of the Adelson School of Obstetrics and Gynecology, Ariel University, Israel.
17:25-17:45	Thin endometrium: the possibility of controlling the factor involved in reproductive failures. Kamilova Dilorom Pulatovna, Candidate of Sci. (Medicine), Chief Reproductologist of «Mother and Child» Group of Companies, Russia
17:45-18:05	Young infertile women with polycystic ovarian syndrome. Vipin Kumar, Reproductologist, Qualifications: Mbbs, Ms, Mrcog(London), Dnb, Mnam, Fmas, Dmas, Dipmas, Germany
Completion of the first day of XIV KARM Congress 2022.	

11 november 2022 Khan Shatyr Hall	
Sattelite symposium Solgar «Features of metabolism of the female body. We prevent risks using modern methods» Moderators: Lokshin V.N., Isenova S.S.	
14:45-15:05	Weight control in different periods of a woman's life. Discussing a comprehensive approach to management. Shestakova Irina Gennadijevna, Candidate of Sci. (Medicine), Obstetrician-gynecologist, Ultrasound diagnostics doctor, Associate Professor of the Department of Obstetrics, Gynecology and Reproductive Medicine at the Faculty of Continuing Medical Education in RUDN University, Russia
15:05-15:25	Lifestyle change, energy metabolism disruption and systemic inflammation as factors in the development of civilization diseases. Peculiarities of diagnostics and management of patients with early metabolic disorders. Pashkova Evgeniya Yurievna, Candidate of Sci. (Medicine), Endocrinologist, Associate Professor of the Department of Endocrinology of the Russian Medical Academy of Continuous Professional Education, Head of the Department of Endocrinology of the Budgetary Public Health Facility «Municipal Clinical Hospital» named after Botkin S.P., Russia
15:25-15:35	Q&A Session.
Khan Shatyr Hall Obstetrics. Women's health. Moderators: Khamidullina Z.G. A.M. Doschanova, Isenova S.Sh.	
15:35-15:55	Optimization of pre-conception and antenatal management in obese women. Zhabchenko Irina Anatolievna, MD, Professor, Head of the Research Department of the State Institution «Institute of Pediatrics, Obstetrics and Gynecology» named after Y.N. Lukyanova, National Academy of Medical Sciences of Ukraine. Distinguished doctor of Ukraine.
15:55-16:15	Epigenetics protects the health of mother and child. Khamidullina Zaituna Gadilovna, MD, PhD, Head of the Department of Obstetrics and Gynecology No. 1 of NpJSC «Astana Medical University», Chief Freelance Obstetrician-gynecologist of the Public Health Care Administration in Nur-Sultan, President of the Federation of Obstetricians and Gynecologists of Astana, Kazakhstan.
16:15-16:35	Adenomyosis and infertility. Doschanova Aikerim Mzhaverovna, MD, Professor, Director of «Talmas Medicus» clinic network, President of the Republican Alliance of Associations for the reproductive potential of the population of the Republic of Kazakhstan, Kazakhstan.
16:35-16:55	Balanced diet and nutritional support at the stage of pre-conception preparation and in antenatal period. Isenova Saule Shaikenovna, First category obstetrician-gynecologist, MD, Head of the Department of Obstetrics and Gynecology of the NCJSC Asfendiyarov Kazakh National Medical University, Kazakhstan.

XIV INTERNATIONAL CONGRESS OF THE KARM

Lukyanova, National Academy of Medical Sciences of Ukraine. Distinguished doctor, co-author - researcher, Candidate of Sci. (Medicine)</p> <p>Lischenko Inessa Sergeevna, Ukraine.</p>
18:00-18:20	<p>Noninvasive prenatal testing after IVF: to do or not to do?</p> <p>Ormankyzy Aizhan, Geneticist, Genomed Medical and Genetic Center LLP, Manager for genetics of the Republic of Kazakhstan, Kazakhstan.</p>

Completion of the first day of XIV KARM Congress 2022.

11 november 2022 Baiterek Hall	
Modern embryology Moderators: Shurygina O.V., Nigmatova N.P.	
12:00-12:20	«Growth zones» of the efficiency of embryological laboratories. Are there any? Shurygina Oksana Viktorovna, MD, Professor of the Department of Reproductive Medicine, Clinical Embryology and Genetics of FSBEI HE SamSMU MOH, Chairman of the Section of Clinical Embryology of the Russian Association of Human Reproduction, Russia.
12:20-12:40	The way to improve the OPU results. Eliezer Girsh, MD, Director of IVF Laboratory of Barzilai Medical Center, Israel.
10:00-10:20	Global situation in the field of assisted reproduction and ways to overcome it. Gábor Vajta, MD, Candidate of Sci. (Human Pathology) and D.Sc. (Embriology), Professor of BGI Shenzhen, China, and Central Queensland University, Rockhampton, Australia. Director of a consulting company providing services in the field of human and pet embryology worldwide, Australia
13:00-13:15	Management of emergency situations in ART laboratory Nigmatova Kamshat Temirgaliyevna, Master, Embryologist, Head of the embryological laboratory of ICCR «PERSONA», Kazakhstan
13:15-13:30	KPI, PI and consensuses: what, when, how and why to count? Sergeyev Sergey Alexandrovich, Head of the Embryology Laboratory of the Center for Reproduction and Genetics LLC, Embryologist of «GENETICO» Center for Genetics and Reproductive Medicine ESHRE certification senior clinical embryologist, Russia
13:30-13:45	Interaction with the genetic laboratory as an element of quality control of PIGD. Dyakova Yulia Borisovna, Embryologist of ART-IVF, ESHRE Certified Embryologist, Russia.
13:45-14:00	Use of the artificial activation by calcium ionophore method for vitrified oocytes. Nigmatova Noira Paizullayevna, Master of Medical Sciences (MMedSci, ESHRE certified), Head of the Embryological service of «Genome» network, Kazakhstan.
14:00-14:45	Lunch
Baiterek Hall Modern embryology (continued) Moderators: Sergeyev S.S., Nigmatova K.T.	
14:45-15:00	Selection of spermatozoa for ICSI: general ideas and private experience. Isaev Dmitriy Aleksandrovich, Candidate of Sci. (Biology), «European Medical Center» JSC, Russia.
15:00-15:20	Differences between commercial oils and techniques that play a role in embryo cultivation: which combination is the best? Nuno Luis Costa-Borges, PhD, Research Director, Embryotools SL, Barcelona, Spain.

15:20-15:35	<p>The experience of using an embryo cultivation system with ultra-low oxygen concentration. Amenov Asset Alimovich, embryologist of «Astana-Ecolife» clinic, Kazakhstan.</p>
15:35-15:50	<p>Role of extracellular vesicles of the follicular fluid in the regulation of human sperm functions. Sysoeva Anastasiya Pavlovna, FSBI National Medical Research Centre of Obstetrics, Gynecology and Perinatology named after Academician Kulakova M.Z., Russia.</p>
15:50-16:05	<p>How can an incubator with artificial intelligence and time-lapse MIRI TL help in evaluating embryos and choosing the best embryos to transfer? Noam Bergelson, MBA, Commercial Director (CBO) and one of the co-founders of Fairtility, Israel.</p>
16:05-16:20	<p>Comparative analysis of the frequency of pregnancy after the cryopreservation of embryos with the use of artificial collapse of blastocysts and without its use. Urkimbayeva Daniya Mukhambetalikyzy, Master of Biological Sciences, Senior embryologist of «Ecomed Plus» clinic, Kazakhstan.</p>
16:20-16:35	<p>EmbryoScreen is a domestic solution for performing PIGT-A by NGS method. Mukushkina Dina Daurenbekovna, Head of the molecular genetic laboratory «TreeGene», Kazakhstan.</p>
16:35-16:50	<p>The effectiveness of extended cultivation in natural and modified ART cycles. Polumiskova Anastasiya Olegovna - Senior Embryologist of ART Laboratory of IRM, certified embryologist of ESHRE, Kazakhstan.</p>
16:50-17:05	<p>Time lapse system on a base of artificial intelligence algorithms: integrativity in IVF laboratory routine. Mukhamedyarov Damir Adilevich, Embryologist, Master of Biology, Clinical Embryologist (ESHRE), Head of the laboratory of IVF clinic «ECOMed», Kazakhstan.</p>
17:05-17:20	<p>The role of ICSI efficiency in oocyte dysmorphism. Kim Alena Vladislavovna, Embryologist of IRM, Master of Natural Sciences Yahyarova Mukhabbat Parkhatovna, Head of the ART Laboratory of IRM, Master of Biotechnical Sciences, Kazakhstan.</p>

Completion of the first day of XIV KARM Congress 2022.

11 november 2022 Atameken Hall	
Operative gynecology. Moderators: Popov A.A., Kudaibergenov T.K., Bezhenar V.F.	
14:45-15:00	Deep infiltrative endometriosis and IVF program. Kudaibergenov Talgat Kapayevich, Professor, MD, Obstetrician-gynecologist, First category surgeon, Research Director of IRM, Kazakhstan.
15:00-15:15	Overcoming the infertility in case of infiltrative endometriosis. Popov Alexander Anatolyevich, MD, Professor, Head of the Department of Endoscopic Surgery of Moscow Regional Research Institute of Obstetrics and Gynecology, Russia
15:15-15:30	Search for consensus between a gynecologist and a reproductologist in overcoming the infertility in patients with endometriosis. Bezhenar Vitaliy Fedorovich, Professor, Head of the Department of Obstetrics, Gynecology and Neonatology and the Department of Obstetrics, Gynecology and Reproductology, Head of the Clinic of Obstetrics and Gynecology of the First St. Petersburg State Medical University named after Academician Pavlov I.P., Russia.
15:30-15:45	Debating issues related to the work with uterine tissues during organ-preserving operations in respect of the nodular form of adenomyosis and uterine fibroids. Plekhanov Andrey Nikolaevich, MD, Professor, Leading gynecologist of the St. Petersburg Clinical Hospital of the Russian Academy of Sciences, Russia.
15:45-16:00	Surgical treatment of uterine scar failure after cesarean section. Todua Irakli, Oncosurgeon, Head of the Department of Operative Gynecology of Innova Medical Center, Georgia.
16:00-16:15	Surgical correction of scars on the uterus. Mustafin Ramil Tabrisovich, Candidate of Sci. (Medicine), Medical Director of «Astana-Ecolife» Clinic, Kazakhstan.
16:15-16:30	Ultrasound diagnostics of uterine fibroids. Surgeon's view. Shmonin Vladimir Mikhailovich, Operating gynecologist, Usenov Kadyrzhan Maratovich, Operating gynecologist, AMD, Kazakhstan.
16:30-16:45	Modern surgical tactics for uterine fibroids in combination with infertility. Barmanasheva Zauresh Yertisovna, Obstetrician-gynecologist, Surgeon of IRM, Kazakhstan.
16:45-17:00	Office hysteroscopy. See and treat. Zaichenko Xeniya Valeryevna, Obstetrician-gynecologist, Usenov Kadyrzhan Maratovich Operating gynecologist, AMD, Kazakhstan.
17:00-17:15	Surgery and therapy of endometriosis. Shtyrov Sergey Vyacheslavovich, MD, Professor of the Pirogov Russian National Research Medical University, Obstetrician-Gynecologist of the City Clinical Hospital No. 31 of the Department of Health, Russia
17:15-17:30	Q&A Session.
Completion of the first day of XIV KARM Congress 2022.	

12 november 2022

Astana Hall

Reproductology. New solutions.

Moderators: Smirnova A.A., Valiyev R.K., Eitan David Lunenfeld

9:00-9:15	<p>Personalized ART approaches: what's new? Polumiskov Vadim Yevgeniyevich, First category reproductologist, Candidate of Sci. (Medicine), Deputy Director General of the Institute for Reproductive Medicine, KARM Vice President, Kazakhstan.</p>
09:15-09:30	<p>PRP therapy in modern reproductive medicine: to whom, when, why? Feoktistov Andrey Aleksandrovich, Candidate of Sci. (Medicine), Medical Director of the clinic «EmbriLife» Member of the Russian Association of Human Reproduction (RAHR), ESHRE, ASRM, Co-speaker Kazantsev V.A., member of RAHR, member of ESHRE, Russia.</p>
09:30-09:45	<p>RIF. IVF implantation failures. Valiyev Ravil Kamilyevich , Candidate of Sci. (Medicine), Chief Physician of the ICC «PERSONA», Kazakhstan</p>
09:45-10:00	<p>The price of successful IVF. Smirnova Anna Anatolyevna, Obstetrician-gynecologist, Candidate of Sci. (Medicine), Vice-President of the Russian Association of Human Reproduction, Russia.</p>
10:00-10:20	<p>Fertility preservation and extracorporeal maturation of spermatogonial cells in prepubertal mice and boys before gonadotoxic chemotherapy and radiation therapy. Prof. Lunenfeld Eitan David, Head of the School of Medicine and Chairman of the Adelson School of Obstetrics and Gynecology, Ariel University, Israel</p>
10:20-10:40	<p>Recurrent pregnancy loss (RPL): New thoughts on an old problem. Prof. Bashiri Asher, Vice Dean for Social Work of the Faculty of Medical Sciences (Ben-Gurion University of the Negev), Director of the Maternity and Pregnancy Control Clinic, Israel</p>
10:40-10:55	<p>What's new about thawed embryo transfer? POSTER REPORTS

PRP-based complex therapy in patients with «thin» endometrium.

Dzhanbabayeva L.A., Candidate of Sci. (Medicine), Obstetrician-gynecologist, Reproductologist of the Institute for Reproductive Medicine, Kazakhstan.

The impact of COVID-19 on male fertility and the effectiveness of the ART program.

Melnikov I.A., Reproductologist of the Institute for Reproductive Medicine, Kazakhstan.

Comparison of 2 stimulation protocols in patients with poor response: effect on the progressive pregnancy frequency.

Kamilova D.P., Candidate of Sci. (Medicine), Chief reproductologist of «Mother and Child» Group of Companies, Russia.

Assisted Reproductive Treatment School.

Urkimbayeva D.M., Baykoshkarova S.B., Yerkasimova A.Y., Ecomed Plus, Kazakhstan.

Characteristics of markers of endothelial dysfunction in the blood of women with preterm birth.

Akhtamova N.A., Doctoral resident, department of obstetrics and gynecology No. 1, Samarkand state medical university, Uzbekistan.

Improvement of IVF effectiveness by using endosurgery methods.

Bakirova N.E., Surgery Department of Institute of Fundamental Medicine and Biology, Kazan Federal University, KORL LLC, Russia.

Immune status and cytokine indices in patients with inflammatory diseases of the uterine appendages.

Gaibullayeva G.U., Nematova N.N., Bukhara State Medical Institute, Uzbekistan.

Quality control of the IVF laboratory.

Yerkasimova A.Y., Baykoshkarova S.B., Urkimbayeva D.M., Ecomed Plus, Kazakhstan.

The key points of pre-conception training and assessment of the attitude of women of reproductive age to pregnancy planning in the Republic of Kazakhstan.

Ismailov Sh., Resident doctor of Asfendiyarov Kazakh national medical University NCJSC, Kazakhstan.

International experience of vaccination against HPV virus.

Kasymbekova F., First category obstetrician-gynecologist, PhD student

New predictors of obstetric haemorrhage.

Poyanov O.Y., Salomova I.S., Bukhara State Medical Institute, Uzbekistan.

The role of inflammatory processes in the development of endometrial dysfunction.

Makhmudova Sh.A., Karimova N.N., Department of Obstetrics and Gynecology, Professor, MD, Adizova Z.A. Bukhara State Medical Institute, Uzbekistan, Department of Obstetrics and Gynecology No. 1.

The course of recurrent polycystic ovarian syndrome depending on the phenotypes of women.

Khalimova Y.M., Usmonova N.Yu., Karimova N.N., Bukhara State Medical Institute, Uzbekistan

Liposomal iron and new possibilities of iron deficiency correction in women of reproductive age.

Nurbayeva T.Yu., Seitkazy D.Y., Smadiyar A.M., Department of Obstetrics and Gynecology of Asfendiyarov Kazakh national medical University NCJSC, Kazakhstan.

Pre-conceptional preparation. How to increase the chance of success after ART?

Ruziyeva N.kh., Obstetrician-gynecologist, Reproductologist, Mediopharm IVF Clinic, professor of the Department of Obstetrics and Gynecology, Tashkent Pediatric Medical Institute.

Capabilities of proteomic and lipidomic analysis of seminal plasma in predicting the success of microdissection biopsy of testicles.

Tambiyev A.Kh., Gamidov S.I., Shatytko T.V., Tokareva A.O., Chagovets V.V., Bitsoyev T.B., Starodubtseva N.L., Popova A.Yu., Frankevich V.Y., National Medical research Center For Obstetrics, Gynecology and Perinatology named after academician V.I. Kulakov, Russia.

Prospects of the gender-based healthcare development (Review).

Aliyeva Sh.U., Lokshin V.N., Kazakhstan Medical University «School of Public Health», ICC «PERSONA», Kazakhstan

The role of polymorphisms of the elastic fiber system gene rs2018736 A456C of FBLN 5 gene in women with post-hysterectomy prolapse of the genitals in Uzbekistan.

Shamirov D.A., Candidate of Sci. (Medicine), State institution of the Republican Specialized Scientific and Practical Medical Center for Obstetrics and Gynecology, Ministry of Health of the Republic of Uzbekistan.
